Good morning parents and students,

I hope you are all staying safe.

After listening to the President speak last night, some decisions have had to be made regarding our school examinations.

President Ramaphosa has said that schools may return to campus on the 26th of July.

To protect the integrity of the exams, and give every student the same exam experience, we have decided, that all examinations will take place at school. Some students battle with their cameras, some with internet speed, some are using their cell phones and tablets, some students do not have the facilities to photocopy or scan. We are also faced with the challenges of power failures and making sure that all exam papers are emailed back to the relevant teacher within a specified time limit. All the above would more than lightly contribute to added stress during the exam period.

Taking everything into consideration, the following has been decided:

- Online teaching will continue until the 21st of July.
- Students will have two study days, 22nd and 23rd of July.
- Exams will begin, at school on the 26th of July. The exam timetable has had to be adjusted slightly, this will be sent out shortly.
- The practical examinations for the senior students will be moved to the last week of the holidays. This will give the grade 12 students more time to focus on the practical side of their science subjects during the holidays.
- The grades 11 and 12 art students will be given their artwork to do at home during the school holidays.

Stay safe!
Regards
C.A. Dodge

OLYMPIAD 2021 RESULTS

CONGRATULATIONS, 2 GOLD, 2 SILVER AND 9 BRONZE!

The De Beers English Olympiad is a national English competition that draws more than 7000 entries each year. The competition is organised jointly by the Grahamstown Foundation and the South African Council for English Education. The syllabus and examination questions offer stimulation not found within the school syllabus. They call for acute critical ability and sharp writing skills, but they also seek to draw out creative thinking and writing – aptitudes so central to our humanness.

We would like to congratulate Naadiya Seedat And Sisekelo Moroe on receiving GOLD awards! Well done this is a phenomenal result.

Charnay Bean and Natalie Castanheira received Silver awards and we had 9 more Bronze awards, from the 21 students who wrote the exam.

Congratulations to all our students who participated, the certificates will be posted soon, along with next year's call for entries! We hope that the Olympiad was an inspiring and enriching experience for all, and that you will enter again.
